Here I go
Here I go

I hear your voice crying out
Trying to find a way to escape the cold
I see your hands reaching out
Hoping that a hero will come, take hold
I know you're hurting, trying to figure out
Figure out the reason he let go
All you gotta do is call my name
And you'll never have to face a day alone

(So why not) Come and take my hand
(And let me) Help you understand
(Girl I) I'm telling you I
I'm telling you I
Yeah

If you let me be
I can be your hero
If you let me be
I will be your hero
Here I go (Put your hand in mine now)
Here I go (Let me rescue you now)
Here I go ('Cause together we'll fly away)
Here I go, go, go

How could he ever treat an angel like nothing?
He don't care about you (Care about you)
Girl, I see you falling down from heaven
And I know what to say and to do
So come on closer, let me ease your doubt
I can chase away the pain, for sure
Girl, you never have to go without
Or ever have a reason to cry anymore

So tell me why
(Why not) Come and take my hand and
(Let me) Help you understand that I
(I) I'm telling you I
I'm telling you I

Yeah

If you let me be
I can be your hero (I can be your hero)
If you let me be
I will be your hero (Hero, oh)
Here I go (Put your hand in mine now)
Here I go (Let me rescue you now)
Here I go ('Cause together we'll fly away)
Here I go, go, go, go

If you let me be
I can be your hero
If you let me be
I can be your hero (I can be your hero, oh)
If you let me be
I can be your hero (Here I go)
If you let me be
I can be your hero (Will be, woah oh)
(Here I go) Put your hand in mine now (Woah oh)
(Here I go) Let me rescue you now (Woah oh)
(Here I go) 'Cause together we'll fly away (Woah oh)
Here I go, go, go

Here I go
If you let me be
I can be your hero (Hero, oh)
(Put your hand in mine now)
(Let me rescue you now)
If you let me be
I will be your hero
Here I go ('Cause together we'll fly away) (Fly away)
Here I go, go, go

If you let me be
I can be your hero (I can be your hero)
If you let me be (Baby, oh girl)
I will be your hero (Oh girl, oh girl)
Oh, oh, oh, oh, ooh oh
Oh, oh, oh, oh, ooh oh
I can be your hero
