Listen everybody to what I say
Halleluja, it's judgement day
Kregs and parites every day
Mentors are here to stay
I love it when your head hangs like
A bowling ball tied to spaghetti
Because when I hack it
I'll do it with a rusty machete
Watch out all creeps and all you fags
Listen to me, wimps with those shags
Being faggy and lookin' like a bitch
You'll be shucked and dumped in a ditch
All you new wavers on the block
I'm gonna ball your sister when I rock
Yeah baby, be a lay
Come on now it's your judgement day
Judgement day, Mentors all the way
All you rich kids make daddy buy your amps
But your tired music gives my ears the cramps
I wanna be poor and play judgement rock

Than look Sissy like a peacock
All you lesbos with your leather and spikes
All you are lesbians and dykes
Put on your combat boots and hike
Because you're just another dinbat dyke
It's judgement day, it's here to stay every day
It's judgement day
All you faggots, this is what I have to say
Cut off your heads, kill every gay
I don't care if my buddies are afraid
They don't wanna get no herpes or no AIDS
Come on now, you don't wann fall like Rome
And become another home - and be gay
Kill 'em every day, fag bashin' all the way
No more sickness and no more AIDS
No more faggots, they should be beat up every day
hallelujha, we're here to stay
Mentors all the way!
