Happy with her (her)
Thinking bout you
And the way you put it down (down)
And do what you do

I'm on it like that, like that, like that
You got that girl bad girl bad girl bad

She make me feel good
But you make me feel better
Gotta let you go
Can't let nobody else catch ya.

Never had nobody put it down like this
I want your body, your lips, your kiss.

I'm must be dreamin baby (I must be dreamin baby)
Way that I feel lately (way that I feel lately)
And you know I like to have my fun (fun)
But I'm feeling like you must be the one.

You must be the one (hey)
You must be the one (hey)
You must be the one (hey)
You must be the one (hey)
Not four
Not three
Not two
The one.
(You must be the one)

You must be the one
You must be the one (the onee oh)
You must be the one
You must be the one
Not four
Not three
Not two
The one.

(Heyy)

Back at the spot
Five girls jockin
One tried to holla
The other four watching
It may seem all eyes on me,
But your all that my eyes can see

We are so excited
And you know I love it
Temperature rising
Soon as we start touching
Never had nobody put it down like this
I want your body, your lips, your kiss.

I must be dreaming baby (I must be dreaming baby)
Way that I'm feeling lately (way that I'm feeling lately)
And you know I like to have my fun (fun)
But I'm feeling like you must be the one.

You must be the one (hey)
You must be the one (hey)
You must be the one (hey)
You must be the one (hey) (babyy)

With you and only you
Baby we aint gotta try
Perfect make sure you and I
Doing all types of stuff.
