Yeah yeah

From the top to the bottom there's no one that come  
close  
You got me so  
Sprung on you I'm ready to blow  
I wanna hold you tight and not let go  
Oh you don't know.  
And I can see that you're rocking your flow from head  
to toe.  
That's why there's so  
Many guys that wanna get to you.  
But now you've finally found someone that's true,  
That's true.

As I lay me down,  
I pray that girl someday you gonna see.  
That I'm the one you wanna be with when you wake and  
when you fall asleep.  
So let me lay you down.  
I promise girl this ain't a one night thing.  
When I look into your eyes I wonder if you know  
That baby you're my everything.

From the top to the bottom there's nothing I won't do,  
To get this message through.  
I'll stand out in the freezing rain all night.  
Haven't you been waiting all your life,  
For this love? (this love)  
You can tell I've been feeling you for some time and so  
Baby don't you hold  
Back on what you're thinking about me?  
Cuz if you wanna show it,  
You know I wanna know it.  
That's all that I've been hoping.

As I lay me down (as I lay me down),  
I pray that girl someday you gonna see (gonna see).  
That I'm the one you wanna be with when you wake and  
when you fall asleep.  
So let me lay you down (let me lay you down).

I promise girl this aint a one night thing.  
When I look into your eyes I wonder if you know  
That baby you're my everything.

And it's in your eyes, it's in the stars.  
That you're for me, and I'm yours.  
And it's written down, in your heart.  
There's no going around the fact that  
Baby, you're my everything.  
My every every every everything.

As I lay me down (as I lay me down),  
I pray that girl someday you gonna see (gonna see).  
That I'm the one you wanna be with when you wake and  
when you fall asleep.  
So let me lay you down.  
I promise girl this aint a one night thing (oooooh).  
When I look into your eyes I wonder if you know  
That baby you're my everything.

You're my everything, you're my everything.  
You're my everything, you're my everything
