Once again your on my mind  
And I only wanna love you so  
Oh deep inside I know I should let you go

Once again the pain the tears  
All my friends say Im fool, Im blind  
But I don't mind

I will love you all over again  
All I want to ask of you

Please be good to me  
Don't let me cry any more  
Hold me like you did before  
Just a little mean so much

Please be good to me  
Cause inspire of all the pain  
I still love you just the same  
Isnt much Im asking for  
Uh, wont you please be good to me

After all Ive given you  
I still want to give you more  
And I wanna asking for

Please be good to me  
Don't let me cry any more  
Hold me like you did before  
Just a little mean so much

Please be good to me  
Cause inspire of all the pain  
I still love you just the same  
Isnt much Im asking for  
Uh, wont you please be good to me
