Shadows of the netherworld  
Bearer of the coming age  
Masters of all entity  
The universal rage  
Grand scale of unknown dimensions  
Serpent's deathkiss no redemption  
Guardian of the ancient urn  
Where fragments of the time and space will burn

Wall of fire lord of storms  
Echoes whisper in pain  
Impaled by age's thorns

Ruler of the endless spheres  
Take us across these oceans  
Where new worlds will appear  
They came from beyond  
As legends once told  
And travelled in time  
Aeon's to behold

Drifting towards the vortex of ferocity  
Birth of a new breed mental atrocity - arocity  
Absence of mercy mind  
Days of final judgment when all eyes of men  
Turned blind

Pagan curse the secret bequest  
Harsh indoctrination  
Inquisition false religion  
Scorned intoxication

Immortal thoughts martyrdom  
The cry of desolation  
Conjure the dark millennium

Ruler of the endless spheres  
Take us across these oceans  
Where new worlds will appear  
They came from beyond  
As legends once told  
They strove for one aim all forces to unfold

Across these oceans of time.....
