### **"My Throne Of Wisdom"**

Longing for my desires reaching unknown borders  
End of this final cycle

My throne of wisdom... the only one  
Travel on this alley of stars... I joined the hall of souls

Shadows of passing dreams at last my wisdom arose  
Out of the ashes of time

My throne of wisdom... the only one

Travel on this alley of stars... I joined the hall of souls

Knowledge will be mine  
I reached the throne of wisdom  
My eternal landscape  
Let me burn in hell

The end of infinity the lake of thoughts  
Will drown forever
