41 shots rang out loud
4 fucking pigs to bring
A righteous man down
Like mad dogs
Tearing at it's prey
The lead starts to spray
Pop-pop-everywhere in the neighborhood
Burn people out of their homes at night
Say that we're a waste and up to no good
Just stand there wrapped
In your sheets of white

Stand united - we must defy them
41 reasons - eye for an eye
41 reasons - these pigs must die. 41

Detained just for the skin
I was born in - color's not a sin
You don't know where I've been
Or even care if I live
Pop-pop-everywhere in the neighborhood
Burn people out of their homes at night
Say that we're a waste and up to no good
Just stand there wrapped
In your sheets of white

Stand united - we must defy them
41 reasons - eye for an eye
41 reasons - these pigs must die. 41
