Oh no, Oh no, Oh no
Yo Yo Yo

Oh no you didn't
Sucker tried to play me
But you never paid me, Neva

Oh no you didn't
Payback is a' coming
You will be runnin', foreva

Oh no you didn't
Until I get my vengeance
I will never end this mayhem

Oh no you didn't
I'm a mercenary
You ain't got a prayer, you owe Me!
Oh no you didn't

Oh no you didn't [x4]
Didn't you, oh no
You didn't pay me what you owe, me
So now its over for you!

Bababababababa...
Yeah...
Yo yo, check it out

Oh no you didn't
First you try to trap me
Then you bust a cap in my ass

Oh no you didn't
Such humiliation will bring annihilation
At Last!

Oh no you didn't
It will be delicious
When I get vicious tomorrow

Oh no you didn't

Theres no second chances
You will do the dance of sorrow
Oh no you didn't

Oh no you didn't [x4]
Didn't you, oh no
You didn't pay me what you owe, me
So now its over for you!

Bababababababa...
What a fool
Alright come on!
Oh no you didn't

Better watch your back boy, keep runnin
This ain't just a game
I'll never stop coming
I got my arsenal
I put out the call
And when I finish yall
You'll be a rag doll

Fool tried to diss me
Now ya gonna wish you were dead

Oh no you didn't
After I deliver
Your blood will be a river, of red

Oh no you didn't
Better be aware when noones there to defend you

Oh no you didn't
So many ways to kill
It's gonna be a thrill to end youuuuu
Oh no you didn't

Oh no you didn't [x4]
Didn't you, oh no
You didn't pay me what you owe, me
So now its over for you!

Oh no, Oh no, Oh no
Oh no you didn't
[Explosion]
