I see blue  
I see black  
I see you  
In a crack

I see snow [icy snow?]  
I see cold [icy cold?]  
I see someone  
Getting old

And it's cold outside  
So cold outside

I need pink  
I need green  
I need someone  
Who sews up seams [Whose soul's obscene?]\*

I need everything

But it's cold outside  
So cold outside

I see all the colors of the spring  
I see you wearing my ring

And it's warmer outside  
It's so much warmer outside

And it's warmer

Still you're there

I see you  
In a crack  
Crack...  
Crack...  
I will crack
