Betrayer in the  
Eyes of everyone  
Punishment of treason  
Last price 'till death

Executioner waits  
Ready to kill  
Torture and pain  
His sadistic will

Brought before  
The judge and jury  
A punishment of death is given

Life ends in slaughter tonight  
Not the first, not the last  
As shown in the past

Dragged to the altar of death  
The noose goes around the neck  
Strangled and gasping for air

Eyes are watching  
For the flesh to tear  
Before death can take the soul

The line is cut to torture more  
Chanting masses offer more

Command death

Screaming victim dying in pain  
Under the executioners command

Limbs ripped apart  
Head decapitated  
Surely dying now  
Life forever faded

The punishment was death  
For all to see

Paid with life eternally

Placed upon the cross  
For others to see  
Left to hang for display
