Sea the corporal sea  
Atlantic's too specific  
Haven't time to settle sharks  
Infest the water

Kicking up the dust  
Constructing new ideals  
Old ones laid to rust  
Nothing seems so real

Sliding away in a washed out delta sun

Missionaries flood  
My favorite AM stations  
Flowing in their futures  
Washed out in this delta rag

Look the other way  
Pocket all the pieces  
Tripping up the strawhat  
Tumble into the wind

Sliding away in a washed out delta sun  
Sliding away in a washed out delta sun

Waving goodbye I'm not saying hello ...
