Emotions thoughts and memories  
It's hard to understand  
Birth, Life and Death  
It's written in my hand  
I have seen the darkness  
Try to seek the truth  
All those foolish memories  
I don't know what to do  
At sea I've never been  
The sun I've never seen  
Understand what I feel  
Oh no this can't be real

Born to live a normal life  
I try to go on as before  
There's something in my past  
I can't stand the sights anymore  
My deathwish is real  
My body is a bleeding sore  
And my endless dreams  
They are full of dreadful gore

Someone inside  
Mind Possession

Invisible people disturbing my sleep  
Out for my soul but I'll fight  
As you know destiny is cruel  
Maybe it's time for me to die

Someone inside  
Mind Possession

Born to live a normal life  
I try to go on as before  
There's something in my past  
I can't stand the sights anymore  
My deathwish is real  
My body is a bleeding sore  
And my endless dreams  
They are full of dreadful gore

They took my life or what is left  
Infernal illusions my mind possession
