Screaming out for mercy  
The blade in hand is raised  
The savage beast is called  
Victim submits to his ways

Funeral for the stolen souls  
Demons rip and tear the flesh  
In the coffin terror awaits  
He overlooks the dead

Savage killer no remorse  
Slaughtered rotting corpse  
No escape from the grave  
Where the dead are no longer that way  
Phantasm

Beware the evil in the night  
The horrors of hell arrive  
Demonic force of evil hell  
Tortured souls are kept alive

Trapped in the coffin  
Trying to escape  
He'll soon be free  
You'll suffer his fate

Savage killer no remorse  
Slaughtered rotting corpse  
No escape from the grave  
Where the dead are no longer that way  
Phantasm
