

## **Merciless Death "Evil Darkness"**

Evil darkness takes a hold of your body  
Feel the tongues taste your breasts  
Offered up by the conjuror for sodomy

Legs spread apart as they slip in  
Chains around your neck break skin  
Wrists held down as they dominate  
Sons of Belial don't hesitate

Raped and tortured  
In the pentagram  
By the beast with  
The head of a ram

Screaming in pain before the northern gates  
Desecration and defilement  
Of your mind and soul  
Belial now beckons you to heed his call  
As he takes a daughter of Christ below

Raped and tortured  
In the pentagram  
By the beast with  
The head of a ram
