Yeh, I'm just gonna.
Sing this song for you girl.
Yeh I know your gonna like it.

Girl if you'd just take my hand cause my heart.
Is yours to keep from the start.
Nothing else that I can do.
But to say I feel you more everyday.

C'mon Baby just sit back and listen.
I got a list I wanna read out the things I'm wishing.
Long walks in the park.
Holding your hand.
Hoping maybe there's a chance I'll be your man.
Cause you know I love the curves on your body.
And I wanna do more than freak ya little hottie.
I wanna go from one extreme to the next.
Coz I'm all about love it ain't all about sex.

Girl if you'd just take my hand cause my heart.
Is yours to keep from the start.
Nothing else that I can do.
But to say I feel you more everyday.

Coz baby
you're the one I see at night.
Close my eyes, hold you tight.
You're the girl that I want in my life.
(You're the girl that I want in my life)
You're the one I see at night.
Close my eyes, hold you tight.
you're the one that I want in my life

Can you imagine champagne glasses.
R'n'B music while we're shaking our asses.
I know you like it when I watch.
So put your body on the floor.
While I'm sipping me scotch, uh yeah.
I love those innocent eyes.
But the way you girl you aint.
Got innocent thighs.

So just remember when you sleep tonight.
Girl I'm dreaming bout holding you tight.

Girl if you'd just take my hand cause my heart
Is yours to keep from the start.
Nothing else that i can do.
But to say I feel you more everyday.

Baby baby baby yeah
baby baby baby yeah
baby baby baby yeah
baby baby baby yeah

Girl if you'd just take my hand cause my heart.
Is yours to keep from the start.
Nothing else that i can do.
But to say I feel you more everyday.
