Every Little Step

Good Lovin'...

Ow! Yeah!

I can't sleep at night, I toss and turn  
Listenin' for the telephone  
But when I get your call I'm all choked up  
Can't believe you called my home  
And as a matter of fact, it blows my mind  
You would even talk to me  
Because a girl like you is a dream come true  
A real life fantasy

No matter what your friends try to tell ya  
We were made to fall in love  
And we will be together, any kind of weather  
It's like that, it's like that

Every little step I take  
You will be there  
Every little step I make  
We'll be together

I can't think too straight, I'm all confused  
You must've put a thing on me  
Because there aren't no words that can explain  
I'm livin' in ecstasy  
And you can best believe, I got ya back  
You never have to feel no pain  
'Cause I'd dedicate my life to you  
You'll never look for love again

Every little...woo!  
Every little step I...  
Every little step (Every little...every little step I take)

Girl...good lovin'...  
Good lovin'...
