

Mercury 4 "Temptation"

Visit "[Temptation](#)" on MotoLyrics.com

Don't leave me hoping
When you walk out that door
That your goodbye means there's no more
'Cos I know temptation
And I've acted foolishly
To forget you seems so easy

But you know when you're far away
That you make me feel love so tender
And you make me feel right
And regret the night that I lost you

Chorus:
Baby I know I don't wanna lose
The love that you're letting go
But the winner can choose
And if you go
I know that this temptation proves
The best part of my life is you
I know temptation
I know temptation is you...

Woke up this morning
Without you by my side
As nights go by my love won't die
But I'll leave excuses, I've acted foolishly
To forgive me seems too easy

But you know when you're far away
That you make me feel love so tender
And you make me feel right
And regret the night that I lost you

(Repeat chorus)
