Why the hell can't I see?
"Will you just go away?"
I guess it takes some time
To get this off my mind
I need some time alone
Some time to call my own
It's fucked up, how I'm locked up
With you I can't go on
How do I get out?
Cause I hate the way you follow
If they say you would swallow
And I can't stand to be around you
Friends say better things
Better things will come my way
And I've got one shot
To give it all I've got
I've got to find a way
Cause I hate the way you follow
If they say you would swallow
And I can't stand to be around you
You think you know it all

You know nothing at all (repeat 2x)

You're nothing No nothing I don't wanna be a nothing.

You're Nothing, You're nothing I don't wanna be a
nothing like you

I hate the way you follow

If they say you would swallow

And I can't stand to be around you
