Wake up in the morning
With the sunshine in your eyes
And the smell of flowers blooming
Fills the air
Your mind is filled with the thoughts
Of a certain someone -
That you love
Your life is filled with joy
When she is there.

Love can make you happy
If you find someone who cares
To give a life time to you
And who has a love to share

If you think you've found someone
You'll love forevermore
Then it's worth the price
You'll have to pay (pay)
To have, to hold's important
But forever is the phrase
That means the love you've found
Is going to stay

Love can make you happy
If you find someone who cares
To give a life time to you
And who has a love to share

La-love, la-love
Love can make you happy
Love can make you happy
Love can make you happy
Love...
