Its over she tells him
Grabs her things and slams the door
He never felt this way before
A list of wrongs
The things hes done
And it all comes down to one thing
He just missed it all along
And in her eyes he fell apart
A simple misplacement of her heart
By the strength she didn't carry
And to herself she way betrayed
Broken statue she had made
But he wasn't never meant to be

Everything Falls x3

I'm through now
I'm leaving
This life has got me down
Its time to take a swing at fate
I've worked to hard
With to much faith
With things i couldn't see
No one to take the blame
Just me

Everything Falls x3

Fear in me
I need you here to breath
Time should see
What mine can do
I've been around
I've been replaced
Been kicked to the ground
I cant be chased
Oh I've been around
I've been replaced
Been kicked to the ground
I cant be chased

Everything Falls x3
Apart
