Thick air, silence  
He knows there's something wrong  
He turns the radio on  
He needs an answer  
To calm him down  
Inside he knows the truth  
But he'd rather look confused  
He can't submit  
He's stronger than this  
There must be something he can do

Could it be that I miss you?

Drop your hands, let it come  
Leave the ocean, it will stay  
Break the silence with a gun  
Watch your gray skies fade away

Panic rising  
Something must be done  
He wanders the room  
Despising the truth  
Trying to take it on

Could it be that I miss you?  
Could it be that you're gone?

Drop your hands, let it come  
Leave the ocean, it will stay  
Break the silence with a gun  
Watch your gray skies fade away  
Drop your hands, let it come  
Leave the ocean, it will stay  
Break the silence with a gun  
Watch your gray skies fade away

Could it be that I miss you?  
Could it be that you're gone?  
Could it be that I need you?  
I can't wait that long!

Drop your hands, let it come

Leave the ocean, it will stay  
Break the silence with a gun  
Watch your gray skies fade away  
Drop your hands, let it come  
Leave the ocean, it will stay  
Break the silence with a gun  
Watch your gray skies fade away

I can't wait!  
I can't wait!  
I can't wait!  
I can't wait!  
I can't wait that long!
