In this world we will struggle  
But You have overcome the world  
In this life we will stumble  
But our future is secure

There is hope in suffering  
There is life beyond what we see

All of this will disappear  
We are strangers here  
We are strangers here  
We will see You face to face  
And all will fade away  
Yes, all will fade away

Our moments are fleeting  
Every breath could be our last  
These things that we're holding  
Will only wither like the grass

There's no end of time with You  
No treasure here compares to You

All of this will disappear  
We are strangers here  
We are strangers here  
We will see You face to face  
And all will fade away  
Yes, all will fade away

Caught up, caught up with You my Jesus  
Caught up caught up with You forever  
In love in love with You my Jesus  
In love in love with You forever
