My Jesus, I need you now  
May your grace look my way  
To hear you sing over me  
Make your desires and mine the same

*[CHORUS:]*

Bless me indeed  
Open wide my horizons to share your name  
Bless me indeed  
Let your hand keep me  
from harm and pain  
Bless me  
Bless me

Lord I cling to your heart

Your love is what I need  
All great things come from  
May your greatness fall on me

*[CHORUS]*

*[BRIDGE:]*

The Lord bless and keep you  
May his face shine upon you  
And be gracious and  
give you peace

*[CHORUS]*

Bless me
