"Can Anybody Hear Me"

I'm staring at these empty walls
Wondering when You'll visit me again
When will You come
If there is anything at all
Coming in between our love
Please show me
Cause I am barely hanging on

Can anybody hear me
The silence is deafening
Why do You feel so far away
I know You're here with me
But I just need the faith to see
Nothing can separate me
From Your love

Believing what I can't see
Has never come naturally to me
And I've got questions
But I am certain of a love
Strong enough to hold me
When I'm doubting
You'll never let go of my hand

I will trust in You
Even in the moments I can't find You
I will hold onto
Your promises, Oh Lord
You've never failed before

I know that You can hear me
When the silence is deafening
Even though You seem far away
I know You're here with me
But I just need the faith to see
Nothing can separate me from Your love
