Where do I begin with what to say  
I've played this conversation in my head so many times  
I'm certainly not claiming to know everything  
But what I do will save your life.

[chorus]

I know, I know that God is able  
I know, I know that He still reigns  
I know, I know that love has found a way.

No matter what it is you're going through  
Even if you think you're far beyond where hope can see  
I know there is a Hand that's reaching out for you

Because He did the same for me

[chorus]

It wasn't that long ago when my own world fell apart (it  
fell apart).  
And everything inside of me said to let go (you must let  
go).  
I found my self crying out to the One who knows my  
heart (He knows your heart).  
And holding tight to the few things that i know (few  
thinhgs that I know).

I know, I know, I know that love has found a way.

[chorus]

He has made a way!
