I am pleased to meet you  
Help me find a way  
Take it all away  
Help me find my way  
Yeah yeah  
Don't cha wanna help me?  
Help me find my way  
Take me through my day  
Yeah yeah

It's all me, no conversations meaning  
Baby  
What do you want now?  
I can't help but not fufilling you  
I i i just can't help it

I am pleased to meet you  
Help me find a way  
Take it all away  
Help me find my way  
Yeah yeah  
Don't cha wanna help me?  
Help me find my way  
Take me through my day  
Yeah yeah
