"This Life"

This is not my home
(this is not my space)
This is not my style
(this is not my place)

Can't get comfortable
(cant get settled in)
Simply dont belong
(cant get used to this)

But im here right now
(I can hear you say)
Make the most of Me
(this wont go to waste)
If Im out of my mind
(yeah its all for Christ)
If Im making sense
(then get it right)

Every moment is a chance
To let your light break through

This life (oh oh oh oh)
This life was meant to shine
This life (oh oh oh oh)
This life was meant to shine

I dont have to stall
(I dont have to wait)
Dont have to bide my time
(till I make my escape)
Cuz heavans in my heart
(I wont settle for less)
I will lift your name
(by the life I live)

Every moment is a chance
To let your light break through

This life (oh oh oh oh)

This life was meant to shine
This life (oh oh oh oh)
This life was meant to shine

Its in my heart
Its in my soul
Ill live everyday
Just to make you known

Cuz this life
This life was meant to
Meant to shine

Hold your heads up high
This is our moment to rise
We were meant to shine
Not just survive

Hold your heads up high
This is our moment to rise
We were meant to shine
Not just survive

This life (oh oh oh oh)
This life was meant to shine
This life (oh oh oh oh)
This life was meant to shine

Its in my heart
Its in my soul
Ill live everyday
Just to make you known

Cuz this life (oh oh oh oh)
This life was meant to
Meant to shine

Its in my heart
Its in my soul
Ill live everyday
Just to make you known

Cuz this life (oh oh oh oh)
This life was meant to
Meant to shine
Oh oh oh oh

We were meant to shine!
