Forgive me if I stare
But I am taken back
That You would let me here
Regardless of my past
Oh my hands are shaking now
But I catch my breathe somehow
Oh, I am free at last

Unaware of my fears
Unaware of my shame
Nothing else matters here
But glorifying Your name
Unaware of everything
Knowing You're aware of me

Tell me how I got here
I couldn't make it on my own
Just tell me I can stay
Cause it feels so much like home
And I lose all track of time
When I look into Your eyes
Your love is all I know

Unaware of my fears

Unaware of my shame
Nothing else matters here
But glorifying Your name
Unaware of everything
Knowing You're aware of me

I'm aware I'm in a place I couldn't be
If You weren't there to call my name and rescue me

Unaware of my fears
Unaware of my shame
Nothing else matters here
But glorifying Your name

I'm unaware of all my fears
And I'm unaware of all my shame
Nothing else matters here

But glorifying Your name

I'm unaware that I still breathe
Unaware of everything
Knowing You're aware of me
