Oh, there's a lull in my life  
It's just a void, an empty space  
When you are not in my embrace

Oh, there's a lull in my life  
The moment that you go away  
There is no night, there is no day

The clock stops ticking  
The world stops turning  
Everything stops but that flame in my heart  
That keeps burning, burning

Oh, there's a lull in my life  
No matter how I may pretend  
I know that you alone can end

The ache in my heart  
The call of my arms  
The lull in my life

The clock stops ticking  
The world stops turning  
Everything stops but that flame in my heart  
That keeps burning, burning

Oh, there's a lull in my life  
No matter how I may pretend  
I know that you alone can end

The ache in my heart  
The call of my arms  
The lull in my life  
The lull in my life  
The lull in my life  
The lull in my life
