Try to get your attention
But, you just look the other way
So I start dancing crazy on the dance floor
Until you can't take anymore

I'm over, I'm over
Over the top with you girl
And you're under, you're under
Under My skin

So I know this may seem quite forward
Telling you how I feel
But, when you looked at me I knew
My path was clear, my rights were wrong
Now I stand waiting all alone

I'm over, I'm over
Over the top with you girl
And you're under, you're under
Under My skin

And now my heart can't rest
For this lady who works with thread
She can have my heart instead

I'm over, I'm over
Over the top with you girl
And you're under, you're under
Under My skin

Your over and I'm under
I'm over and you're under my skin
You have made my world sublime
My sweet valentine

I'm over the top with you
Oh Girl, I'm over the top with you
You changed my world
And your under my skin

Over the top with you girl
