She walked by,
She didn't know my name.
Maybe that's what turned me on.

Where have you been,
For all my life.
Maybe that's what turned me on.

I could be wrong.
What's gotten into you I can be right for you.
You should run away from me.
What's gotten into you I can be right for you.
You should run away from me.

Well you could be always wrong,
Maybe that's why I can't stay.
Or you could be mrs right,
Maybe that's why I can't stay.

Well I could be wrong.
What's gotten into you I can be right for you.
You should run away from me.
What's gotten into you I can be right for you.
You should run away from me.

Well have you gone completely mad,
Or is it all just in my head?

Well you could be always wrong,
Maybe that's why I can't stay.
Or you could be mrs right,
Maybe that's why I can't stay.

Well I could be wrong.
What's gotten into you I can be right for you.
You should run away from me.
What's gotten into you I can be right for you.
You should run away from me.

She walked by,
She didn't know my name.
Maybe that's what turned me on.

Where have you been,
For all my life.
Maybe that's what turned me on.
