Take me now
Ill show you how
To live your life like you should
Be the one
At 17 to kill yourself with a gun

You said you'll be there
You will be there
To make up for the things that you've done
You said you'd be there
You were never there
To make up for the things...

Woah i can tell you how
Woah you're not happy now
Woah you can be with me
Woah you can be happy

Take me now
Ill show you how
This life can twist you around
And be the one at 17
To love the smell on the ground

You said you'll be there you will be there
To make up for the things that you've done
You said you'd be there

You were never there
To make up for the things...

Woah i can tell you how
Woah you're not happy now
Woah you can be with me
Woah you can be happy

I can show you how
You're not happy now
You can be with me
You can be happy!

Woah i can tell you how

Woah you're not happy now
Woah you can be with me
Woah you can be happy

(back ground)My High contains the ghost of you
Inside of me
Its in your seat
My high contains the ghost of you

Woah i can tell you how
Woah you're not happy now
Woah you can be with me
Woah you can be happy

(back ground)My High contains the ghost of you
Inside of me
Its in your seat
My high contains the ghost of you
