Hello Mr. D.J. wont you play a song for me'

The girl I love just said good-by and I?m blue as I can be

Oh please Mr. D.J. play that song I heard you play

And send it out to someone who broke my heart today

You won?t have to call her name she?ll know it?s meant for her

Play me that song of sadness and I?ll be grateful to you sir

Oh please Mr. D.J. play that song I heard you play

And send it out to someone who broke my heart today

(Guitar)

You won?t have to call her name she?ll know it?s meant for her

Play me that song of sadness and I?ll be grateful to you sir

Oh please Mr. D.J. play that song I heard you play

And send it out to someone who broke my heart today
