Love And Terror
(words in brackets are bracketed in the album's insert)
Tonight we leave the world outside
Just you and I
This one desire we cannot hide
Tonight tonight
We stopped the seasons turning
We suspended time
Now all my wounds are burning
With the salt you grind
(you're always)
There when love and terror flare
In the water in the air
With everything I do
(you're always)
There when love and terror flare
In a whirl you take me there
Down deep into you
Down deep into you
And breathing out you take me in
So complete
Into the soul beneath the skin
You take me in
(you're always)
There when love and terror flare
In the water in the air
With everything I do
(you're always)
There when love and terror flare
In a whirl you take me there
Down deep into you
He crashed again
Now Cupid flies
An aeroplane
High above me now
He's found his mark
And sets his sights
Upon my heart
(you're always)
There when love and terror flare
In the water in the air

With everything I do
(you're always)
There when love and terror flare
In a whirl you take me there
Down deep into you
(you're always)
There when love and terror flare
In the water in the air
With everything I do
(you're always)
There when love and terror flare
In a whirl you take me there
Down deep into you
Down deep into you
