Party's done, and one by one
Cars arrive and people come
And I wonder if there's anyone
On their own

A lot of boring guys
Try to catch my eye
But I only came alive
When you smiled at me
As you arrived, alone

[CHORUS]
Save me, take me away
To the moonlight
Only with you, could it feel right
What're we doin' here

Come on and save me
Let's get away
From the action
Of
Attraction
Take me away from here
(Take me away)

No one saw or heard
A single word
We slipped away like fleeing birds
It seemed absurd, to say

I went cold then hot
Should I go, maybe not
But you took my hand
And I couldn't stop

And we laughed
As we left our parking lot
And drove away

[Repeat CHORUS]

Why don't you save me

Let's get away
From the action
Of
Attraction
Take me away from here
(Take me away)

Starlit skies, moon on high
Sure feels good to me
But in my hopes I've always known
This is how it's meant to be

[Repeat CHORUS]

Why don't you save me
Let's get away
From the action
Of
Attraction
Take me away from here
(Take me away)

[Repeat CHORUS]

[FADE]
