How long has it been since we spoke this way
Has it come to this, and can you say...
It's all my fault when I've been sitting 'round here
trying to fade
All along we both still held pictures of a better day

So it's sorry you say, but sorry isn't good enough

She's crying, she's crying now
She's reaching for the only thing that never lets her
down

And all this time has come to pass, but still it seems the
same
I take steps toward you, but you walk away
From the words that I can't speak to you, when you act
insane
And I want to, and I need to, but I just don't feel the
same

She's crying, she's crying now
She's reaching for the only thing that never lets her
down
She's crying, she's crying now
She's reaching for the only thing that never lets her
down

I can't explain a single thing that you say
Why don't you..... Believe me
Why don't you..... Believe me
Why don't you..... Believe me
Why don't you..... Believe me

She's crying, she's crying now
She's reaching for the only thing that never lets her
down

She's crying, she's crying now
She's reaching for the only thing that never lets her
down
