It's not hard to open a door
It's not fair to cover the truth
We waste time talking it through
There's no point in dragging it out

It's only a dream for us now
We'll never escape it somehow
I wish you could feel like I do
Just for today just for today

Could you really stay
Are you held or just restrained
It's a long way home and I'm not going back tomorrow

Could you really stay
Are you held or just restrained
It's a long way home and I'm not going back

It's not hard to figure it out
You look tense when were alone
We don't talk at the end of the day
There's no fire burning us up

It's only a simple notion
A study of time and motion
I wish you could cry like I do
Nothing to say
Nothing to say

Could you really stay
Are you held or just restrained
It's a long way home
And I'm not going back tomorrow

Could you really stay
Are you held or just restrained
It's a long way home
And I'm not going back

Hold me tighter
None the wiser
Hold me tighter

None the wiser

(Hold me tighter) It's only a simple notion
(None the wiser) A study of time and motion
(Hold me tighter) I wish you could cry like I do
(None the) Nothing to say
(Wiser) Nothing to say

Could you really stay
Are you held or just restrained
It's a long way home
And I'm not going back tomorrow

Could you really stay
Are you held or just restrained
It's a long way home and I'm not going back tomorrow

Are you held or just restrained

Could you really stay
It's a long way home and I'm not going back
