I can't see how we came together  
And I can't see how we broke apart  
I still know how to make you happy  
I just don't know why I break your heart

I can't say, we're alright  
It's just some days we can't fight  
I need you here  
Lets open up the ground and disappear

Do we run if the road goes nowhere?  
Do we push if there's no way out?  
Should we breathe if our minds are lifeless?  
Do we care how it all turns out?

I can't say, we're alright  
It's just some days we can't fight  
I need you here  
Lets open up the ground and disappear

I can't say, we're wiped out  
There's just no time to find out  
I need you here  
Lets open up the ground and disappear

We can't stop now  
We don't know how anymore  
It's all or nothing  
And now's the time  
It's too much but yours and mine  
Yours and mine  
Yours and mine  
Yours and mine

I can't say, we're alright  
It's just some days we can't fight  
I need you here  
Lets open up the ground and disappear

I can't say, we're wiped out  
There's just no time to find out

I need you here  
Lets open up the ground and disappear
