How long has it been since we spoke this way?  
Has it come to this, and can you say  
It's all my fault when I been sittin' 'round here  
Trying to fade  
All along we both still held  
The pictures of a better day  
So sorry you say  
Your sorry isn't good enough

She's crying, she's crying now  
She's reaching for the only thing  
That never lets her down

And all this time has come to pass  
And still it seems the same  
I take steps toward you but you walk away  
From the words that I can't speak to you  
When you act insane  
And I want to, and I need to  
But I just don't feel the same  
I don't feel the same

She's crying, she's crying now  
She's reaching for the only thing  
That never lets her down  
She's crying, she's crying now  
She's reaching for the only thing  
That never lets her down

I can't explain a single thing that you say  
Why don't you  
Believe me  
Believe me  
Believe me  
Believe me

She's crying, she's crying now  
She's reaching for the only thing  
That never lets her down  
She's crying, she's crying now  
She's reaching for the only thing  
That never lets her down
