If I could find the words
There'd be nothing I wouldn't say to you
But I feel so absurd
It seems my tongue is tied
Every time you're around
And you're so down about everything
Everything brings you down

If I could search my soul
And found nothing I could give to you
To make you whole
Seems I cannot find any time for you
And I'm so ashamed about everything
Everything brings you down

If I leave here now
Will you hate me when I'm gone?
Well I can't bear to stay

If I could find those words
There'd be nothing I couldn't say to you
I feel so absurd
It seems my tongue is tied
Every time you're around
And you're so down about everything
You're not everything

If I leave here now
Will you hate me when I'm gone?
Well I can't bear to stay

Can't you see it's all I need?
Can't you see it's right for me?
What you see is what I'll never be

If I leave here now
Will you hate me when I'm gone?
Well I can't bear to stay
If I leave here now
Will you hate me when I'm gone?
Well I can't bear to stay
I can't bear to stay

I can't bear to stay
I can't bear to stay
