how can you say goodbye my love ?

when we haven't even said "hello"

I see your face

I feel your sadness

I feel your pain suddenly

why are you so afraid ?

how can you go on living in the past ?

I see your eyes

I feel your pain

I feel your sadness suddenly

open your heart and smile for me

you're not the only one afraid to fall in love

dance with me again and walk is the way

don't be afraid to love again

why can we start alone

how long can we go on feeling this lost of love

why are you so afraid to feel the pain of love

why are you so afraid to feel the joy of love

I see your face

I see your sadness

I feel the pain suddenly

why are you so afraid to start ?

don't be afraid of killing me with pain of love

don't don't be afraid to fall in love again

don't be afraid to fall

I'm falling I'm falling love again falling love again

how can you say goodbye ?

when we haven't even had a chance to say

I love you

yes I do...

don't

don't be afraid

don't be afraid to love again
