"Dirty Window"

Visit "[Dirty Window](#)" on MotoLyrics.com

I see my reflection in the window
It looks different, so different than what you see
Projecting judgment on the world
This house is clean baby
This house is clean

Am I who I think I am? (3x)
Look out my window and see it's gone wrong
Court is in session and I slam my gavel down

I'm judge and I'm jury and I'm executioner too (2x)

I see my reflection in the window
This window clean inside, dirty on the out
I'm looking different than me
This house is clean baby
This house is clean

Am I who I think I am? (3x)

I look out my window and see it's gone wrong
My court is in session and now I slam my gavel down

I'm judge and I'm jury and I'm executioner too (2x)

I drink from the cup of denial
I'm judging the world from my throne
I drink from the cup of denial
I'm judging the world from my throne
