Hate is a train
That thunders aimless through my head
And hate is the fame
Chained to the wheel until Iâ€™m dead

Rage is a flame
Creates a touch to boil the seas
And rage is to blame
Forever sorry I shall be

And from a darkness I descend
Clenching a torch of sweet revenge

You took away tomorrow, still I stand
I ride into the sorrow, still I stand
You took away tomorrow, still I stand
Straight down into the sorrow, but still I stand

Wrath is the name
Branding suffer onto you
And wrath takes the shame
And holds me down until its through

And from a darkness I descend
Clenching a torch of sweet revenge

You took away tomorrow, still I stand
I ride into the sorrow, still I stand
You took away tomorrow, still I stand
I sink into the sorrow, but still I stand

And hate is a train
A beast awakened by your call
And hate is a train
A beast that never slows at all

And from a darkness I descend
Clenching a torch of sweet revenge
Burst into flame, the bitter end
And shake the gates of hell again

Iâ€™m left to drown in sorrowÂ€¦

You took away tomorrow, still I stand
I ride into the sorrow, still I stand
You took away tomorrow, still I stand
You left me here with sorrow, still I stand
