Claustrophobic
Crawl out of this skin
Hard explosive
Reach in, pull that pin

Fear thy name extermination
Desacrate inhale the fire

So we cross that line
Into the grips
Total eclipse
Suffer unto my apocalypse!

Deadly vision
Prophecy revealed
Death Magnetic
Pulling closer still

Fear thy name annihilation
Desolate inhale the fire

So we cross that line
Into the grips
Total eclipse
Suffer unto my apocalypse!

My apocalypse Go!

Crushing metal, Ripping Skin
Tossing body mannequin
Spilling Blood, Bleeding Gas

Mangle flesh, Snapping spine
Dripping bloody valentine
Shatter face, spitting glass

Split apart
Split apart
Split apart
Spit
Spit it out!

What makes me drift a litter bit closer

Dead man takes the steering wheel
What makes me know it's time to cross over
Words you repeat until I feel

See through the skin the bones they all rattle
Future and past they disagree
Flesh falls away the bones they all shatter
I start to see the end in me

See the end in me
See the end in me

Claustrophobic
Climb out of this skin
Hard explosive
Reach in, pull that pin

Violate, annihilate
All wounds unto my eyes
Obliterate, exterminate
And life itself, denied

Fear thy name as hell awakens
Destiny, Inhale the Fire

But we've cross that line
Into the grips
Total eclipse
Suffer unto my apocalypse!

Tyrants awaken my apocalypse!
Demon awaken my apocalypse!
Heaven awaken my apocalypse!
Suffer forever my apocalypse!
