Need... More and more
Tainted misery.

Bleed... Battle scars
Chemical affinity.

Reign... Legacy
Innocence corrode.

Stain... Rot away
Catatonic overload.

Choke... Asphyxia
Snuff reality.

Scorch... Kill the light
Incinerate celebrity.

Reaper... Butchery
Karma amputee.

Bloodline... Redefine
Death contagious deity.

Hooked into this deceiver
Need more and more
Into the endless fever
Need more and more

New consequence machine
You burn through all your gasoline.
Asylum overtime
Nevermind...
You've reached the end of the line.

Time... Choke the clock
Steal another day.

Die... Faithfully
Narcissistic fade away.

Twisted... Jump the rail

Shatter the crowd below.

Breaker... Chase the ghost
From latest high to alltime low.

Hooked into this deceiver

Need more and more
Into the endless fever
Need more and more

New consequence machine
You burn through all your gasoline.
Asylum overtime
Nevermind...
You've reached the end of the line.

Drop the hourglass of time
Spilling sand we will not find
As we gather here today
We bid farewell...

The slave becomes the master.
The slave becomes the master.
The slave becomes the master.

The slave becomes the master
Need more and more
Right now and everafter
Need more and more

New consequence machine
You burn through all your gasoline.
Asylum overtime
Nevermind...

Dead hourglass of time
Sand we will not ever find
We gather here today
Say goodbye
Cause you've reached the end of the line.

The end of the line.
The end of the line.
The end of the line.
You've reached the end of the line.
