How could he know this new dawn's light
Would change his life forever?
Set sail to sea but pulled off course
By the light of golden treasure

Was he the one causing pain
With his careless dreaming?
Been afraid
Always afraid
Of the things he's feeling
He could just be gone

He would just sail on
He'll just sail on

How can I be lost
If I've got nowhere to go?
Searched the seas of gold
How come it's got so cold?
How can I be lost
In remembrance I relive
How can I blame you
When it's me I can't forgive?

These days drift on inside a fog
It's thick and suffocating
This seeking life outside its hell
Inside intoxicating
He's run aground
Like his life
Water's much too shallow
Slipping fast
Down with the ship
Fading in the shadows now
A castaway

They've
All gone
Away

They've gone away

How can I be lost
If I've got nowhere to go?
Search for seas of gold
How come it's got so cold?
How can I be lost
In remembrance I relive
And how can I blame you
When it's me I can't forgive?

Forgive me
Forgive me not
Forgive me
Forgive me not
Forgive me
Forgive me not
Forgive me
Forgive me, why can't I forgive me?

Set sail to sea but pulled off course
By the light of golden treasure
How could he know this new dawn's light
Would change his life forever

How can I be lost
If I've got nowhere to go?
Search for seas of gold
How come it's got so cold?
How can I be lost
In remembrance I relive
So how can I blame you
When it's me I can't forgive?
