You guys know anything about drugs?

"Yeah, we're on 'em"

You wanna know about drugs?

Well first of all, I don't know shit about drugs but I just feel like singing about 'em

It was long ago  
Seems like a dream  
The day I sucked the air  
From a bottle of whipped cream  
And I got real high  
And things got real slow  
"and I started talking like this"  
Whats going on?  
I don't know  
and then I sold my car  
For a greatfull dead ticket  
Nd my dad yelled at me  
nd he grounded me  
Nd he said I was a dick It was the worst day of my life  
And i'll never forget it  
But the very next day  
I was doing bong hits in the back of my friends  
chevvete  
So don't tell me we're winning the war on drugs  
Cause drugs are like a big old can of Raid and you're  
all little bugs  
And don't tell me to not get high  
Cause im as low as i can get without kissing your ass  
and blowing you at the same time

CHORUS:

Man don't tell me about love and peace  
When one of the Jones' has a hand gun pointing at me  
Dont tell me to "Just say no"  
Im an addict, I say no to let me go  
Whatever happened to Sex Drugs and rock and roll?  
Now we just have AIDS, crack and techno

[We Die Hard Lyrics On ]

So they busted me!

I said I say, fuck them up for selling dope

And i went to jail and I wasn't forgiven

Like that little fucker who shot the pope and said "I  
have the right to remain silent"

But they couldn't explain

How i didn't exist nd I wasnt violent

Cause all ive ever wanted is the right to remain

and then they questioned me, yeah they asked me

WHY?

And I said "I don't think I should be shot for selling pot,  
this is my little way of saying...

High! And now my record 'sall fucked up"

Nd im not 'llowed to vote

'N two times a week they make me piss in a cup, but  
what i wanna do is piss down their throats

CHORUS:

Now don't tell me about love and peace

When one of the Jones' has a hand gun pointing at me

And dont tell me to "just say no!"

I'm an addict, I say no to let me go

Whatever happened to Sex Drugs and rock and roll?

Now we just have AIDS, crack and techno

"ok heres the sensitive part"

Nd they told me the time to change

Cause our parents have Hendrix Janice and Jim, but

what about River Phoenix and Kurt Cobain?

And they told me

To praise the Lord

But i've been waiting so long for him to call me back

I think im gonna go and prey at Betty Four

And they told me that life is fair

"BULLSHIT!"

But I cant smoke a plant that was made by God, but I

can kill my wife if i'm a football player

'N they told me, Yeah they told me to just ignore

But i'd rather smoke crack outta Nancy Reagen's skull,  
while getting a blowjob from Tiffard Gold

CHORUS:

'N dont tell me bout love and peace

When one of the Jones' has a hand gun pointing at me

And dont tell me to "just say no!"

I'm an addict, I say no to let me go

Whatever happened to Sex Drugs and rock and roll?

Now we just have AIDS, crack and techno
