I yearn for a heavy sound in the early morning
This intense rhythm I can't get out of my head
Fellows who wearing black coloured clothes
Glitter of steel casts the damned incantation

As the night falls, I'm dying to run,
I'm dying to shout beyond the sky
While believing there is a shining glory at the end of
darkness

Heavy Metal Ambition, Burning my vein, Boiling my
blood
Heavy Metal Ambition, Exciting my brain, Beating my
heart

The wall of sound is magic high voltage
The roaring sound that smash the eardrum is my
favourite
The melody of steel from the black shining axe
Swung down to the necks of you knelt

As the night falls, I'm dying to run,
I'm dying to shoot beyond the sky
While believing there is a shining glory at the end of
darkness

Heavy Metal Ambition, Burning my vein, Boiling my
blood
Heavy Metal Ambition, Exciting my brain, Beating my
heart
I feel the passion of my young days.
It comes out in the night I'm like a beast

As the night falls, I'm dying to run,
I'm dying to shoot beyond the sky
While believing there is a shining glory at the end of
darkness

Heavy Metal Ambition, Burning my vein, Boiling my
blood
Heavy Metal Ambition, Exciting my brain, Beating my
heart

I feel the passion of my young days
It comes out in the night.
I'm like a beast
Heavy Metal Ambition
I've found the shining glory at the dawn
