Riding on the winds that blow your destiny
The messengers appear from the strange light
Sent from the blind heaven of delusion
The masked believers are lying in wait for you

There is no hesitating in looking at reality
You don't need to hide anymore
Follow us if you dare to fight for your life
Heavy Metal gives a new one for your fists

The brothers of Metal, Hold up high,
Heavy Metal Battleaxe
Straight to the heads,
Swing up high, Heavy Metal Battleaxe
Hail and kill, Hail and kill,
Break the masks, Kill 'em all

When you're lost before a big wall of torment
It says, "You need to buy this noble mask"
The master of disguise is looking for slaves
You never surrender yourself to the angelic smile

There is no hesitating in looking at truth
You don't need to escape anymore
Follow us if you dare to fight for your faith
Heavy Metal gives the weapon for your fists

The brothers of Metal,
Hold up high,
Heavy Metal Battleaxe
Straight to the heads,
Swing up high,
Heavy Metal Battleaxe
Hail and kill,
Hail and kill,
Break the masks,
Kill 'em all
Hail and kill,
Hail and kill,
Kill the master,
Hail and kill

There is no hesitating in looking at reality
You don't need to hide anymore
Until you feel satisfied deep inside
In Metal we trust,
Come on,
Soul to the axe

The brothers of Metal,
Swing up high,
Heavy Metal Battleaxe
Straight to the heads,
Straight to the hearts,
Heavy Metal Battleaxe
The brothers of Metal,
Swing down no remorse
Heavy Metal Battleaxe
The brothers of Metal,
Swing round no mercy,
Heavy Metal Battleaxe
Hail and kill,
Hail and kill,
Break the masks,
Kill 'em all
Hail and kill,
Hail and kill,
Kill the master,
Hail and kill
